

ART TRAIL 2023

YOUNG ARTS/CHILDREN'S TRAILS: Hilary has reported on the project with St Joseph's School.

The Art Trail around Deptford is now complete and art from the school can be seen in the station, library, Albany, St Joseph's Church, two deli's in Deptford and two restaurants – Badger Badger and Jam Circus.

The money was used to have an artist train teachers following which they went back and worked in their classes. The children completed self portraits.

Materials used were robust and hardwearing so displays would have longevity. The project has been a big success, the children are very proud of their work. The school is now organising a map of the trail. Hilary was thanked for organising a very successful project.
